Video Communications

Our mission: Make communications frictionless

Zoom Video Communications is the leader in modern enterprise video communications, with a simple, reliable, and innovative cloud platform for video conferencing, phone, collaboration, chat, and webinars across mobile devices, desktops, telephones, and room systems. Zoom Phone is a modern cloud phone system that can make and receive calls directly from Zoom. Zoom Rooms is the original software-based conference room solution used around the world in board, conference, huddle, and training rooms, as well as executive offices and classrooms. Founded in 2011, Zoom helps businesses and organizations bring their teams together in a frictionless environment to get more done. Zoom is a publicly traded company headquartered in San Jose, California.

Easily manage the entire video communications platform through the centralized Zoom Administration Portal and Dashboard.

Why Zoom?

Zoom has changed the way enterprises around the world connect and communicate. Zoom ties together everything you need into one easy platform - from 1:1 meetings to Town Halls and Webinars. It's a frictionless video experience on desktop, mobile, and conference rooms. With Zoom, most companies see an 85% increase in video usage and VoIP is used 6 times more than telephony – so people join fast and are more productive, and companies save money.
